

Poslovna događanja u nZEB trening centru

Energetski institut Hrvoje Požar pruža vrhunske uvjete za održavanje edukacija, seminara i radionica u modernom prostoru koji se nalazi u nZEB standardu (nearly zero-energy building).

Smješten u prizemlju Instituta, trening centar obuhvaća dvije dvorane – Siniša i Filip – koje se mogu koristiti zasebno ili spojiti u jednu veću prostoriju prilagođenu većim skupovima. Zgrada Instituta koristi energiju iz vlastite FN elektrane na krovu te je opremljena energetski učinkovitim sustavima grijanja, hlađenja i rasvjete. Napredni sustav upravljanja i automatizacije optimizira uvjete prostora prema njegovoj okupiranosti i parametrima ugodnosti poput temperature, koncentracije CO₂ i vlage.

Naš edukativni centar savršeno je mjesto za održavanje poslovnih događaja u ugodnom, tehnološki naprednom i ekološki održivom okruženju.

Business events at the nZEB Training Center

The Energy Institute Hrvoye Požar provides excellent conditions for hosting trainings, seminars, and workshops in a modern space that meets the nZEB standard (nearly zero-energy building).

Located on the ground floor of the Institute, the training center includes two meeting rooms – Siniša and Filip – which can be used separately or combined into a larger space suitable for bigger gatherings. The Institute building utilizes energy from its PV system on the roof and is equipped with energy-efficient heating, cooling, and lighting systems. The advanced management and automation system optimizes the room conditions based on occupancy and comfort parameters such as temperature, CO₂ concentration, and humidity.

Our educational center is the ideal venue for business events in a comfortable, technologically advanced, and environmentally sustainable setting.
